Get Involved! South Utah County Active Transportation Plan

The Mountainland Association of Governments, in conjunction with the communities of Springville, Mapleton, Salem, Spanish Fork, Woodland Hills, Elk Ridge, and Payson, is developing an Active Transportation Plan to improve bicycling and walking in South Utah County. The plan will address walking and biking for both transportation and recreation through improvements to trails and on-street facilities.

Where do you currently walk or bike? Where would you like to go? Where do barriers exist? Contribute to project's online interactive map to help the project team to understand the active transportation network and develop the study network. Visit www.bikewalksutahco.com for interactive map access and project updates. For more information about the project, please contact Jim Price at jprice@mountainland.org. #BikeWalkSUTahCo

Thank You!

Payson City thanks the citizens for their conservation efforts this past summer. As we move into fall, the temperatures will decrease. The amount of water needed for a bluegrass lawn in Utah varies according to the temperature, wind, humidity and solar radiation. Lawns need less water in the spring and fall. The following table is a general guide:

May-June 15th	1 inch/week
June 16-July 15th	1 1/2 inches/week
July 16-Aug 15th	2 inches/week
Aug 16-Sept 30th	1 1/2 inches/week

Please adjust your automatic timers to coincide with weather changes. For more information visit <http://conservewater.utah.gov>
