As Payson City residents, this year we need to be aware of the snow melting issue and try and keep our streets cleaned of yard debris and garbage. When this record year snow fall starts to melt, we might look like this guy and be up an over flowing creek without a paddle. Let's try and be prepared for the worst and hope for the best. This partnership is called My Free Taxes, and can be accessed by going to myfreetaxes.com. This free service is available online 24/7, and customer support is available to answer questions through email, phone, or live chat.

By using this service to prepare their own taxes, community members can avoid the high cost of tax preparation fees during tax season. The average cost of a basic tax return through a paid preparer can range from \$200-500, so free tax preparation services can be a significant benefit for working families in our community.
