Rank Choice Voting

Rank Choice Voting (*RCV*) will be used for the first time in
Payson City *for the General Election* on November 5, 2019 to
elect three city council members. RCV is a method of voting
that allows voters to rank multiple candidates for the same
office in order of preference.

RCV can only be used to elect
the offices of mayor and
council. It is not used in elec-
tions for the school board,
county, state or federal offic-
es. RCV combines the prima-
ry and general election into
one event in November.

Using the RCV, votes are
tabulated to determine win-
ners. In order to be declared
the winner of a race, a candi-
date must reach a threshold of
50 percent plus one of the total votes cast for the office.

The city will post *additional* information about RCV and
elections on social media *and the city's website*. Don't forget
to follow the city on Facebook, Twitter, and Instagram.

**Ranked choice voting
allows you to rank
your candidates in
order of preference.**
