Think globally, interact regionally and act locally.

The Economic Development Committee of Payson (EDCP) promotes economic development and improvements of all business conditions in Payson to maximize employment opportunities, the tax base, and quality of life in Payson. The primary focus of the committee is to recruit industrial and retail businesses and help existing businesses to grow and thrive. Its secondary focus is to promote tourism, educational opportunities, residential development, and downtown development. The committee serves as a conduit between the commercial interests of Payson and the municipal government.
