ELECTED OFFICIALS & CITY STAFF

MAYOR: Bill Wright

CITY COUNCIL:

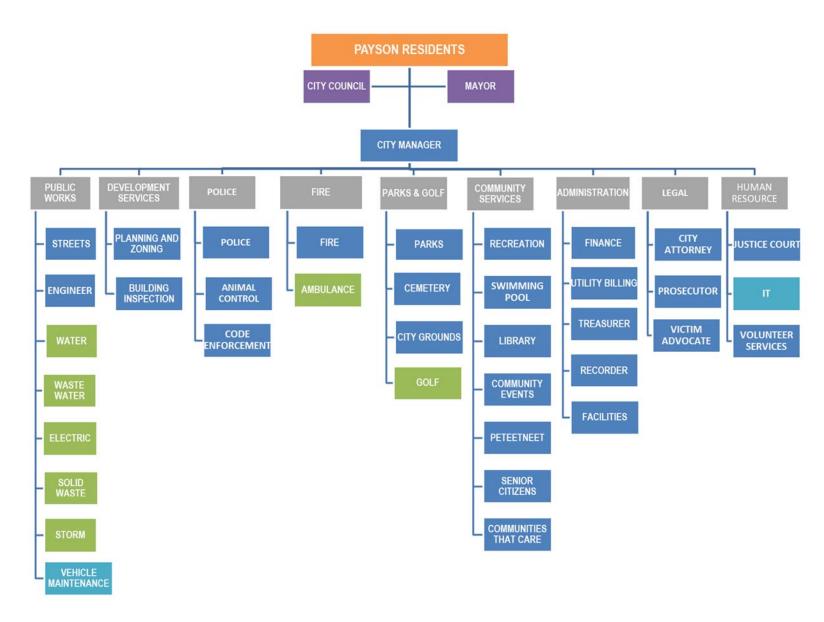

Linda Carter 2016-2020 Brett Christensen 2018-2022 Taresa Hiatt 2018-2022 Brian Hulet 2016-2020 Doug Welton 2016-2020

APPOINTED OFFICIALS:

City Administrator – Dave Tuckett
City Attorney – Mark Sorenson
City Treasurer – Audrey Camp
Police Chief – Brad Bishop
Fire Chief – Scott Spencer
Public Works Director – Travis Jockumsen
Finance Director – Sara Hubbs
City Recorder – Kim Holindrake

ORGANIZATIONAL CHART

BUDGET MESSAGE

At the City's budget planning work session, the City Council created a list of priorities to be considered for the FY 2020 budget. Staff tried to balance the budget with those priorities in mind. A brief summary of priorities identified by the City Council are as follows:

- Increasing Economic Development
- Improving Aging Infrastructure
- Repairing and Maintaining Roads
- Improving Transparency and Communication with Citizens

Staff stands committed to address the City Council's priorities and efficiently provide core services to our residents. In preparing the Budget, staff tried to address as many city council priorities as possible. As the budget team reviewed departmental budget requests, the list of city council priorities was referred to often. We continually look for ways to be more cost effective and efficient in the delivery of city services. The highlights of this fiscal year's recommended budget are discussed below.

CONSERVATIVE REVENUE GROWTH

Property taxes were increased to reflect the proposed increase to keep the tax levy the same as the prior year. Based on last year's sales tax received, we estimated a six percent increase in Sales tax revenues for FY 2020. We conservatively estimated the projected revenue based on prior year's data. Though most of our revenue streams appear to be trending upward, we would rather err on the side of caution in our revenue forecasts, with a focus on protecting the City should any unforeseen changes in the economic climate occur.

MAINTAINING CORE SERVICES

As a community, we continue to place the highest of priorities on funding core municipal services to all of our nearly 20,000 residents. In seeking to provide excellent core services, we have taken special care to include the City Council's budgetary priorities, as outlined above.

PUBLIC INFRASTRUCTURE DEVELOPMENT

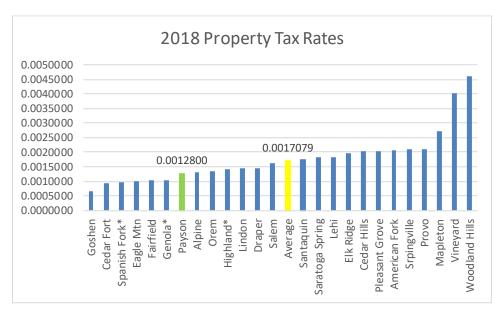

As might be expected, the continued maintenance and development of the city's utility infrastructure and development remains a high priority. Included in this fiscal year's recommended budget are ongoing funds for various maintenance projects critical for the sustainability of our public infrastructure. We believe that it is fiscally responsible to properly upkeep our infrastructure so that we do not have to bear the greater cost of replacing infrastructure that has not been maintained. The city will use impact fees for new construction projects, allowing our systems to keep pace with the growth as the city experiences it.

BUDGET MESSAGE

MAINTAINING TAX LEVELS & ASSESSING FAIR & REASONABLE FEES

Property Tax

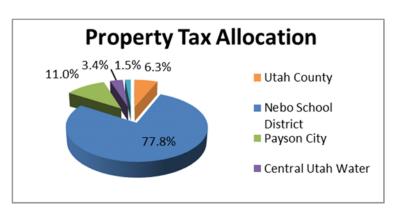

The chart below shows Payson's 2019 property tax compared to other cities located in Utah County. Payson's proposed property tax rate is .0012800 and the average of the cities located in Utah County is .0017079.

Property Taxes collected from residents are allocated to other taxing agencies. The majority of the property taxes paid by Payson residents are allocated to the school district. The Chart below shows a percentage breakdown of property tax collected from a Payson City resident on a \$250,000 taxable value:

Pro	posed	Rate

	Tax Rate	% of Rate	\$ Paid
County	0.000732	6.3%	\$ 183.00
Schools	0.009092	77.8%	2,273.00
City	0.001280	11.0%	320.00
Water	0.000400	3.4%	100.00
Assessing	0.000179	1.5%	44.75
Total	0.011683	•	\$2,920.75

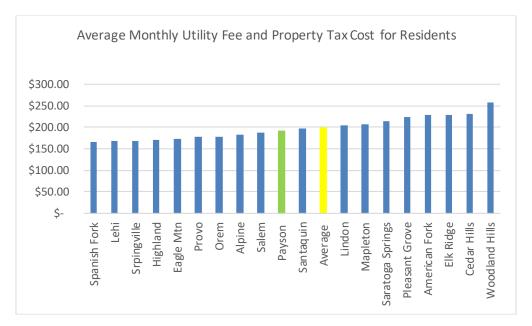

BUDGET MESSAGE

MAINTAINING TAX LEVELS & ASSESSING FAIR & REASONABLE FEES (continued)

Utility Fees and Infrastructure

Staff has reviewed the average monthly cost of living in various cities in Utah County, which is depicted in the graph below. The utility rate study was conducted by Provo City Public Works department and the property tax rates were collected from the Utah County website. The average monthly cost for all Utah County cities is \$197.70. Payson City's average monthly cost is just below the average cost at \$192.35.

CAPITAL IMPROVEMENTS

Staff has reviewed five-year capital improvement plans for the utility funds and other various departments within the general fund. During the budget process, staff has analyzed the five-year plans and the utility rates to determine the sustainability of completing projects with current utility fees. The leadership team recognizes the need to keep utility rates as low as possible, yet set fees accordingly that allow the utility funds to repair and replace the aging infrastructure. The leadership team has recommended an increase of \$1/month on the waste water base rate to help cover the repair and replacement of the west outfall sewer line that collapsed in the fall of 2018. Staff is also proposing a 2% increase on all other utility rates, except for residential electric rates. The 2% increase corresponds with the consumer price index.

BUDGET MESSAGE

CAPITAL IMPROVEMENTS (continued)

Some of the projects in the FY 2019 Budget include:

- General Fund:
 - o Trail at Barnett Elementary
 - o Park Improvements
- Water
 - o Installation of PI Meters
 - o Replace Bad ERTS
 - o 1260 S PRV
 - o Lateral 20 Irrigation Connection
 - o 300 S 100 W-800 W Deficiency
 - o 750 E 350 N Deficiency
- Wastewater
 - o Jet Truck
 - o West Outfall Replacement (Bond)
 - o 300 S 600-700 W Line Repair
 - o 350 N 800 E Replace 8" Sewer Line
 - o 500 W Utah Avenue CDBG Project
- Solid Waste
 - o Shredder and Trackhoe Lease Payments
- Electric
 - o New Distribution Circuit 800 South
 - o Re-Conductor Line on 300 South
- Storm
 - o 200 N 200 W Pipe Creek
 - Shop Addition
 - o Ridge Lane Detention Basin
 - o Save up for 800 W Trunk Line and Storm Retention
- Revolving Loan
 - o Purchase of vehicles and equipment (see revolving loan information on page 54)
- B&C Projects
 - o 492 W Utah Avenue Trip Hazards
 - o 350 N 800 E Cul De Sac Reconstruct
 - o Edge Mill 100 W to 750 W Utah Avenue
 - o CDBG 500 West Utah Avenue
- Capital Projects
 - o Complete City-Wide Master and General Plan
 - o Complete Study for Existing Deficiencies in Utilities
 - o Replace Hillman Ball Fields

BUDGET MESSAGE

QUALIFIED & PRODUCTIVE WORKFORCE

The FY 2020 proposed budget includes a placeholder of a three percent performance-based wage increases for City employees. The City's leadership team remains concerned about the need to offer competitive wages while providing quality services as efficiently and cost-effectively as possible.

The City's leadership team recognizes the ongoing concern of escalating health insurance costs and wants to provide better solutions to keep health insurance costs low while offering insurance that meets employees needs. In an effort to help reduce health insurance costs, the City is looking into plan design changes. The City has encouraged employees to participate in a high deductible plan in an effort to help reduce costs. Health insurance costs increased by about ten percent, but the industry average increase was about 18 percent. Payson City staff worked closely with the health insurance broker to make changes to plans to keep the increase low.

CONCLUSION

We appreciate the trust that the Mayor, City Council, and residents have placed in us. We strive each day to provide the highest quality services in the most cost effective and efficient manner possible. We recognize the responsibility we have to ensure that Payson remains a wonderful place to live, work, and play. We look forward to working closely with the Mayor, City Council, residents, business owners and other stakeholders to make sure our priorities and goals are aligned together.

Sincerely,

Sara Hubbs Finance Director

FINANCIAL STRUCTURE

GOVERNMENTAL FUNDS

General Fund: This fund accounts for all financial resources necessary to carry out basic governmental activities for the City that are not accounted for in another fund. The General Fund supports essential city services such as police and fire protection, street maintenance, libraries and parks and open space maintenance. General Fund revenue is collected from taxes (property, sales, and franchise), license and permits, service fees, fines, grants, and other various sources. The Class C Roads account for the State's excise taxes, which are restricted for street maintenance.

Capital Project and Impact Fee Funds: These funds provide financial resources for the acquisition or construction of major capital improvement projects for governmental-type activities.

Special Revenue Funds: These funds are used when revenue is legally restricted to expenditures for specified purposes.

Redevelopment Agency Funds: Community redevelopment and economic development project areas are financed by incremental taxes collected for the properties in development. Redevelopment Agency Funds account for the tax revenue that is used to pay debt from improving project infrastructure.

PROPRIETARY FUNDS

Enterprise Funds: These funds are used for specific operations that provide goods and services primarily financed with user fee revenue. These operations are similar to private business enterprises. Payson City's seven enterprise funds include: Water (Culinary & PI), Solid Waste, Electric, Wastewater, Ambulance, Golf, and Storm. Water, Electric, and Wastewater also have associated Impact Fee Funds for the acquisition and construction of new capital improvement projects.

Internal Service Funds: These funds finance commodities or services provided by one program that benefit other programs within the City. Costs are reimbursed by those programs and departments that use the services through these funds. The City's two Internal Service Funds account for vehicle maintenance and IT activities.

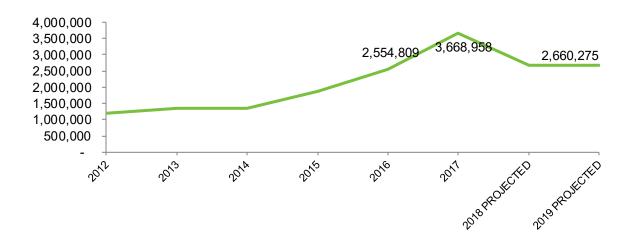

FUND BALANCE AND RESERVES

Utah state law allows cities to accumulate retained earnings or fund balances as appropriate in any fund (see U.C.A 10-6-116). However, the law restricts balances in the General Fund as follows: 1) Any fund balance less than 5 percent of estimated revenue may be used for working capital, certain emergency expenditures, or to cover an unexpected revenue shortfall that would result in a year-end excess of expenditures over revenues; 2) Fund balance greater than 5 percent but less than 25 percent may be used for budget purposes; and 3) Any fund balance in excess of 25 percent must be included in the appropriations of the next fiscal year.

Payson City accumulates fund balances in its various funds for the following purposes:

- To avoid short-term debt that might be needed to provide working capital
- To meet unexpected expenditures as the result of an emergency
- To secure the City's debt and its bond rating
- To accumulate funding for planned capital expenditures including the replacement of capital assets
- To meet the reserve requirements for liabilities already incurred but not yet paid (e.g. Risk Management Fund)

GENERAL FUND BALANCE

The unassigned general fund balance increased in fiscal year 2017 because revenues came in higher than budgeted and large multiple capital improvements projects were not completed by the end of the year. In fiscal year 2018, City Council approved a \$900,000 transfer from the general fund to the capital projects. About \$600,000 of the transfer will be used to cover the costs of the General, Master, and Strategic plans, which will be completed within the next 18 months.

BASIS OF BUDGETING

Budgetary basis is the basis of accounting used to estimate financing sources and uses in the budget. There are three types of budgetary basis accounting: (1) cash basis, (2) accrual basis, and (3) modified accrual basis. These are explained below:

Cash Basis: Transactions are recognized only when cash is increased or decreased.

Accrual Basis: Revenues are recorded when they are earned (regardless of when cash increases) and expenditures are recorded when goods and services are received (regardless of when cash disbursements are made).

Modified Accrual Basis: Accounting method that is a mixture of cash basis and accrual basis accounting. Revenues are recognized when they become measurable and "available" as net current assets. "Available" means collectible in the current period or soon enough thereafter to be used to pay against liabilities in the current period. Expenditures are recognized when the related fund liability is incurred, except for principal and interest on general long-term debt, which is recognized when due.

General Government Funds follow the modified accrual basis of accounting. Sales taxes are recognized when intermediary collecting agencies have received them. All other intergovernmental revenues are recorded as revenue when received. Property tax revenues are recognized in the fiscal year for which they were levied. Licenses and permits, charges for services, fines and forfeitures, and other revenues are recorded as revenue when received cash.

The Enterprise Funds are prepared on an accrual basis. Expenditures are recognized as encumbrances when services are received or a commitment is made (e.g. through a purchase order). Revenues, on the other hand, are recognized when they are obligated to the City (for example, power user fees are recognized as revenue when service is provided).

In both Enterprise Funds and General Governmental Funds, the encumbrances will lapse when goods and services are not received by year-end.

The annual financial statements audited by an independent auditor shows the City's finances on the basis of "generally accepted accounting principles" (GAAP). In most cases this conforms to the way the City prepares its budget. Exceptions include:

- Compensated absences liabilities that are expected to be liquidated with expendable available financial resources are accrued as earned by employees (GAAP) as opposed to being expended when paid (Budget).
- Principal payments on long-term debt within the Enterprise Funds are applied to the outstanding liability on a GAAP basis, as opposed to being expended on a Budget basis.
- Capital outlay within the Enterprise Funds are recorded as assets on a GAAP basis and expended on a Budget basis.
- Depreciation expense is recorded on a GAAP basis only

DEBT

Reducing debt is one of the top priorities for Payson City Council and Administration. The City issued new debt was in 2019 for pressurized irrigation pipe line projects, well rehabilitation and pressurized irrigation meters. The bond was issued at a 1% interest and was issued for \$8,985,000. The City has begun work on the two pressurized irrigation and well projects, and will bid out the meter installations in the winter of 2019. The City believes the projects will help with water pressure problems and the meters will help with water conservation. when a water tank froze and construction of a new tank was needed. The City will most likely need to bond for a sewer line that collapsed in the fall of 2018, which will be about \$2,600,000 to replace. The City will also need to bond for the sewer treatment plant upgrades that are required to be completed by the year 2023. The Council approved a \$15 per month rate increase that took effect July 2015 to help save for the upgrades and improve and maintain aging sewer lines. Below is the outstanding bond schedule for Payson City:

DESCRIPTION	_	RIGINAL LANCE	PAYOFF DATE	<u>B</u> .	2016 ALANCE	2017 <u>BALANCE</u>				2019 <u>BALANCE</u>		<u>B</u> .	2020 ALANCE

TRANSFERS

A transfer is the movement of cash or other resources from one fund to another. Payson City has utilized transfers from enterprise funds as a General Fund financing mechanism for many years. If budgeted and planned for correctly, transfers from enterprise funds can help to defray the cost of services such as public safety, public works, parks and recreation and general governmental services, and consequently, keep property taxes low.

If City utility services were provided by private utility companies, dividends would be paid to investor-owners. Because Payson taxpayers are the investor-owners, dividends are paid to the taxpayers in the form of a transfer to the general fund. Without the transfers, Payson City would either have to significantly raise property taxes or significantly cut services.

Indirect Service charges are not the same as transfers. While transfers are a movement of cash or resources without compensation, indirect services are charges for centralized services provided by the general fund to the other funds of the City. Such services include but are not limited to utility billing, accounting, payroll, legal, human resources, facility management, vehicle maintenance, and information systems service. Administrative fees are allocated by the finance department in a reasonable and rational manner.

Following are the proposed Fiscal Year 2020 transfers and administrative fees from the enterprise funds:

	Proposed Total					
	Expenditures		Amount of	% of Total	Indirect	% of Total
Fund	FY2020	Transfer To	Transfer	Expenditures	Services	Expenditures
Electric	\$ 11,700,637	General	\$ 1,147,500	9.8%	\$ 569,640	4.9%

GENERAL FUND - DEPARTMENT DETAIL

The Class "C" Roads Fund was established through the State of Utah to provide assistance to counties and municipalities for the improvement of roads. The revenue comes from the Utah Department of Transportation (UDOT) through the State's excise tax on fuel purchases. The amount received is determined by the miles of roads and sidewalks in Payson, which is assessed each calendar year, and the City's population.

OPERATING SURPLUS/(DEFICIT)	\$ 964,071	\$	-	\$	(249,433)	\$	-

BUDGET HIGHLIGHTS:

The professional services budget is to cover the cost of a General, Master, and Strategic Plans to be completed by an independent engineering firm. The General Plan will help the City understand the current and future needs and plan and prepare for future growth. The transfer to the golf course is a loan to the golf course to renovate the RV park. The RV park received a loan in fiscal year 2018 for \$150,000 to install the water, sewer, and electric lines. The \$210,000 loan in fiscal year 2019 will cover landscaping, road work, grading, gravel and other items necessary to have a full service RV park. Design of the new ball fields to replace the Hillman ball fields are being worked on and construction should be started in fiscal year 2020. Council has already appropriated \$1.8 Million for the construction of the ball fields, which will be carried over into the FY2020 budget.

Payson City residents voted in the 2017 ballot to enact a Parks, Arts, Recreation and Culture (PARC) tax. It is a local sale and use tax which is $1/10^{th}$ of 1% (1 cent for every \$10.00 spent) to help fund recreational amenities, cultural arts facilities, and organizations in Payson City. The PARC tax committee reviewed applications for grants and then submitted their recommendations to the City Council for approval. The following projects were approved for 2020 fiscal year's budget:

- \$300,000 for pickleball court renovation at Memorial Park (split over two years)
- \$800 Payson Community Band
- \$7,500 Huish Performing Arts and Cultural Education Center
- \$9,000 Payson Civic Chorale
- \$12,000 People Preserving Peteetneet
- \$1,100 Starbright Dance Co.
- \$15,000 Payson Community Theater
- \$14,000 Payson City Trail Connection Study
- \$30,000 Payson City Playground Cover

WATER FUND BALANCE

The decline in the water fund balance in 2017 is due to fund balance being used to connect to lateral 20, install water meter equipment, repair water main at 400 South, construct well house, and other capital improvements and projects. The water department received a loan from the state to construct 16" and 24" irrigation lines and to install pressurized irrigation meters. The Irrigation lines project are projected to be completed by August 2019 and the meters are projected to be installed in spring of 2020.

The decline in the solid waste fund balance is due to fund balance being used to pay off a scraper that was purchased in fiscal year 2016 and to purchase compactor in fiscal year 2018. Both the scraper and compactor will help extend the life of the landfill. The decline in fiscal year 2019 is due to the compactor being paid off and the purchase of a grinder and excavator to help with waste reduction and to save space in the landfill.

The City Council approved a \$15/month rate increase that took effect July 2015 to start saving for the Wastewater treatment plant upgrade that will need to be in place by 2020 to meet federal mandates and to complete projects to repair and maintain sewer lines. The fund balance has increased because the City is saving in preparation for the major upgrade.

STORM FUND BALANCE

The decline in the storm drain fund balance is due to fund balance being used to construct Ridge Lane storm retention, shop addition to store vehicles and equipment, and to pipe and relocate existing creek at 200 North and 200 West.
