**What is your motivation for service on this/these committee(s)?**

I would love to serve on the PARC committee so that we could enhance all of the great programs and activities that Payson has in place with this fund money. I love Payson and want to see it flourish and provide quality activities and programs to the residents.

**How does your background training and experience lend itself to service on this/these committee(s)?**

I find my family frequently use and take part in the many programs that Payson offers. I use the trail systems pool and parks. I feel I can contribute a qualified opinion about needs of programs. I work well with others and like to hear differing opinions too.

**Please list any relevant areas of expertise, education, or training you possess that will be helpful for service.**

I have had college classes in landscape architecture, city planning, architecture, drafting, building codes, building systems, civil engineering, welding, etc. I am involved locally with city and educational committees. I am not afraid to spend the time and effort required to get jobs done.
