**What is your motivation for service on this/these committee(s)?**  
 The past two years have been very rewarding for me personally and I hope I can continue to be a part of the PARC committee. I feel I compliment the group well, we take our time when selecting the applicants for fund allocation, and we ensure that all groups are given a well deserved amount. I feel the past two years has been successful as a group, I want to continue to be a part of this selection process.

**How does your background training and experience lend itself to service on this/these committee(s)?**  
 Having served on the committee for the past two years, I feel I have an added value to the group to help reward the applicants with the funds they request and or find ways to allocate these funds to other areas which might have a better benefit. My personality is cohesive, cooperative, and service oriented. I have an attention to detail and know how to prioritize those details. I am organized and efficient and as a proud citizen of Payson, do what is best for the city and the funds, not just a group or individual. I am bi-lingual in Spanish, adding to our multi-culturally based city.

**Please list any relevant areas of expertise, education, or training you possess that will be helpful for service.**  
 I spent 15 years of Event Planning with corporate organizations ranging from 300-3000 attendees, a motorsports marketing 3-year sponsorship, corporate golf tournaments and events and even High School music program annual tours. I know the importance of budgets, while having a top notch program. I have been a part of the PARC committee for two years.

To whom it may concern,

I love to see the beauty of Payson's parks come to life with the various events and activities. As a member of the Payson City Band, I have seen how funds from the PARC have benefited our group. There are many areas around the city which have been upgraded, enhanced, or beautified as recipients of the PARC tax, yet there is much more which can be done with continued thought-out approval processes and acceptance. For the past two years, I have been on a part of this committee, I want to continue with another 2 years of helping those groups and organizations. We have been very efficient and wise when allocating these funds, we have even been able to grant more funds to certain organizations which need a better allotment. My communication skills along with my ability to work well within this team of 5 members, will continue to be a benefit.

I look forward to retaining my position as a committee member for PARC throughout the next 2 years.

Thank you,

Kenton J. Phillips
