# PAYSON CITY FEE SCHEDULE

Effective 11/01/2023

## Disinterment

Regular Sized Lot.....	\$	1,300.00
Infant.....	\$	700.00

## Utilities

Utility application for each residential or commercial/business account.....	\$	30.00
Residential Deposit.....	\$	150.00

Residential deposit may be waived if resident signs up for Payson City's direct pay program. If a return payment occurs, residents will be removed from the direct pay program and will be required to pay \$150 deposit within 14 calendar days of being notified of the return payment. Non-payment will result in discontinued services until deposit and balance due are paid. A deposit will be required on all new building accounts to be paid fees are being paid with the building permit.

Homeowner deposits will be refunded after six (6) consecutive months of full payments, made on or before the due date. Rental deposits on file will be held and applied to the final bill.

Commercial/Business Deposit.....	\$	200.00
----------------------------------	----	--------

Or an amount equal to average consumption for a two-month period, whichever is greater. Commercial/business deposit will not be required of an owner for a commercial business in a new account being established by someone who currently has an active account with Payson City for another business, and whose commercial account has been active and not been in default for the past twenty-four (24) months.

The Commercial business shall make a cash deposit or a 2-year surety bond deposit in place of a cash payment. The commercial customer will be responsible for all costs for bonding. At the end of 2 years (on the anniversary date) commercial customer may request the bond to be canceled or the deposit to be applied to the account. At the time of the request, the account must have a zero balance. The City will not pay any interest on the deposit or any fees connected therein with the bond while being held. A deposit will be required on all new building accounts to be paid with the building permit.

Residential/commercial deposit following bankruptcy will be determined according to federal law guidelines.

Account Status Change fee.....	\$	30.00
--------------------------------	----	-------

When an owner or agent is requesting a voluntary disconnect or reconnect at the same point of delivery without the name of the account changing, change fee shall be levied.

### Discontinuing Service (non-payment)

If a customer is in default of payment for service more than forty-five (45) days after it is due, the City may discontinue service to customer.

In case a delinquent account is referred to the City Attorney, reasonable attorney fees and court costs must be paid by the defendant

A customer who believes that their bill is in error, or wishes to discuss or dispute the bill for any reason, may request and receive a hearing with a Payson City official prior to interruption of service.

# PAYSON CITY FEE SCHEDULE

Effective 11/01/2023

Delivery of shut-off notice.....	\$	25.00
Shut-off/Reconnect fee during regular hours.....	\$	50.00
Reconnect fee after hours and holidays.....	\$	75.00

The City may waive the shut-off/reconnect fee if the resident pays the entire balance of the utility bill.

Penalty. A 5% penalty will be assessed on any unpaid balance after the last business day of the month. A \$5 fee will be assessed to all accounts that have not paid the delinquent amount due by the date specified on their utility bill.

Delinquent accounts will be sent to collections, along with a 35% fee, after 60 days past due. The customer must pay reasonable attorney fees and court costs in the event collection becomes necessary.

Return payments. A \$20 fee will be assessed to each return payment. All forms of return payments are subject to the \$20 fee. The \$20 fee may be waived on return payments due to fraudulent bank activity, upon submission of proof of fraud.

Contested billings. Time frame: it is the responsibility of the utility customer to review their own utility bills. All utility bills issued to utility customers shall be deemed to be correct if they are not disputed by the utility customer within 1 year from the issuance.

Process. Within 1 year, utility customers may contest billings by requesting a review of the charges by the utility billing clerk. If unresolved, customers may request a review of the charges by the utility billing department and/or the finance director. The utility billing department and/or the city finance director shall gather all applicable information and documentation of the disputed charges from the utility billing clerk and the customer and determine the validity of the billing. Once a determination has been made, the charges will either be adjusted or payable by the due date of the bill or within five (5) days of the determination. If the due date has passed,

Adjustments made on contested billings shall be approved by the Finance Director.

Hook-up Fee.....	\$	180.00	
Service Application Fee.....	\$	20.00	
Attached to Foundation & Metered Energy.....	\$	200.00	

**Power Cost Adjustment Rider (PCA)**

**Applicability:**

The PCA will apply to all Payson Power Rate Schedules except non-metered and special contract rates.

**Calculation:**

The PCA will be calculated using the most recent six month's actual power cost and applied to each customer's following monthly billed energy (kWh) or a two-month lag from when the cost occurred to be billed.

The PCA adjustment shall be calculated according to the following formula:

$$PCA = P/S - B$$

**P** = Wholesale power supply cost, costs associated with the internal generation (natural gas, diesel, oil and chemicals), and 50% of future off-system debt related to SUVPS transmission cost (transmission upgrades are to increase capacity and improve system reliability).

Utility cost of power during previous six-month period calculated using the most recent six month's actual power cost plus periodic true up of accumulated positive or negative balance of recovered cost of power resulting from the application of the PCA. If an unusual occurrence happens resulting in abnormally high cost the Management/ Governing body will determine whether the cost should be recovered over a longer period.

**S** = Number of kilowatt-hours sold

Sales are estimated by multiplying kilowatt-hours purchased by (1-Losses), during the same period as factor "P". The system's annual average loss factor is 6%.

**B** = This amount reflects the average cost of power per kilowatt-hour sold and recovered through base retail rates (\$0.0689)

If the PCA calculation results in a credit, the credit will only be provided if operating cash is above the minimum requirements of \$4.0M. Operating cash is defined as funds not restricted for a specific purpose.

### Impact Fees

**Culinary Impact Fees**

Component	Per Typical Residential Connection	Per Irrigated Acre
Total	\$2,004	\$10,912

1. Pipes were not upsized beyond the 8-inch diameter minimum size requirement to serve irrigated acreage. Thus, no
2. It is assumed that any irrigated acreage will be associated with indoor ERCs. Planning costs are accounted for in

Impact fees for irrigated acreage should only be charged to developments that do not have access to the pressurized irrigation system. The proposed drinking water system impact fee for one irrigated acre is **\$10,912**. For purposes of this study, a typical single-family residence in Payson will be defined as a 15,000 square foot lot with an irrigated area of 0.15 acres, plus 0.03 irr-ac for parks and open space. Accordingly, the proposed drinking water system impact fee for one typical residential connection with 0.18 acres irrigated with the drinking water system is **\$3,968** (\$2,004 + (0.18 x

$$\text{ERCs} = (\text{Peak Day Water use, gpd}) / (500 \text{ gpd per ERC})$$

$$\text{Impact fee} = \text{ERC} * \$2,004$$

For example, if a customer will use 20 gpm of water on the peak day, the impact fee may be

$$\text{Peak day water use} = 20 \text{ gal/min} * 1,440 \text{ min/day} = 28,800 \text{ gpd}$$

$$\text{ERCs} = (28,800 \text{ gpd}) / (500 \text{ gpd per ERC}) = 57.6 \text{ ERCs}$$

$$\text{Impact fee} = 57.6 \text{ ERCs} * \$2,004/\text{ERC} = \mathbf{\$115,430}$$

\*Impact fees for large industrial users may be collected over time as directed by the City Council.

### Pressurized Irrigation Water Impact Fees (effective 04-04-2023)

Component	Per Irrigated Acre	Per Typical Residential Connection
Total	\$8,014	\$1,443

Impact fees for nonresidential development or single-family developments with varying lot sizes

Impact fee = (Irrigated acres on site) \* **\$8,014**

For example, a nonresidential development with 1.8 irrigated acres on-site would have an impact fee

Impact fee = 1.8 \* \$8,014 = **\$14,425**

# PAYSON CITY FEE SCHEDULE

Effective 11/01/2023

**Public Safety Impact Fees**

Type of Use	Maximum Public Safety Impact Fee (Adjusted)
Residential Unit (including single family units, duplex units, apartment units, condominium units, mobile home hunits)	\$770
All Nonresidential Uses	\$4,750

**Wastewater (Sewer) Impact Fees**

Drinking Water Meter Size	ERU	Impact Fee
1"	1.00	\$4,612
1 1/2"	2.00	\$9,224
2"	3.20	\$14,758

Given that wastewater collection is not metered, and given that wastewater loading is created by water passing through the drinking water meter, the wastewater impact fee is based on drinking water use. The impact fee above has been calculated based on 1 ERU, which would correspond to a standard 1" drinking water meter. Larger drinking water meters are assumed to serve more than 1 ERU and will have a higher corresponding drinking and wastewater impact fees. The table above indicates the impact fee rate schedule based on water meter size. The ERU factor is calculated based on American Water Works Association (AWWA) rated capacity for each meter size. This represents an equitable distribution of potential to use the city's sewer system. ERU capacity for users requiring larger meters will be assessed individually by the City.

For any development that sends the sewer to Salem City Wastewater Treatment plant , the sewer impact fee will be \$4,206.79 per equivalent ERU,
