SPECIAL NOTES

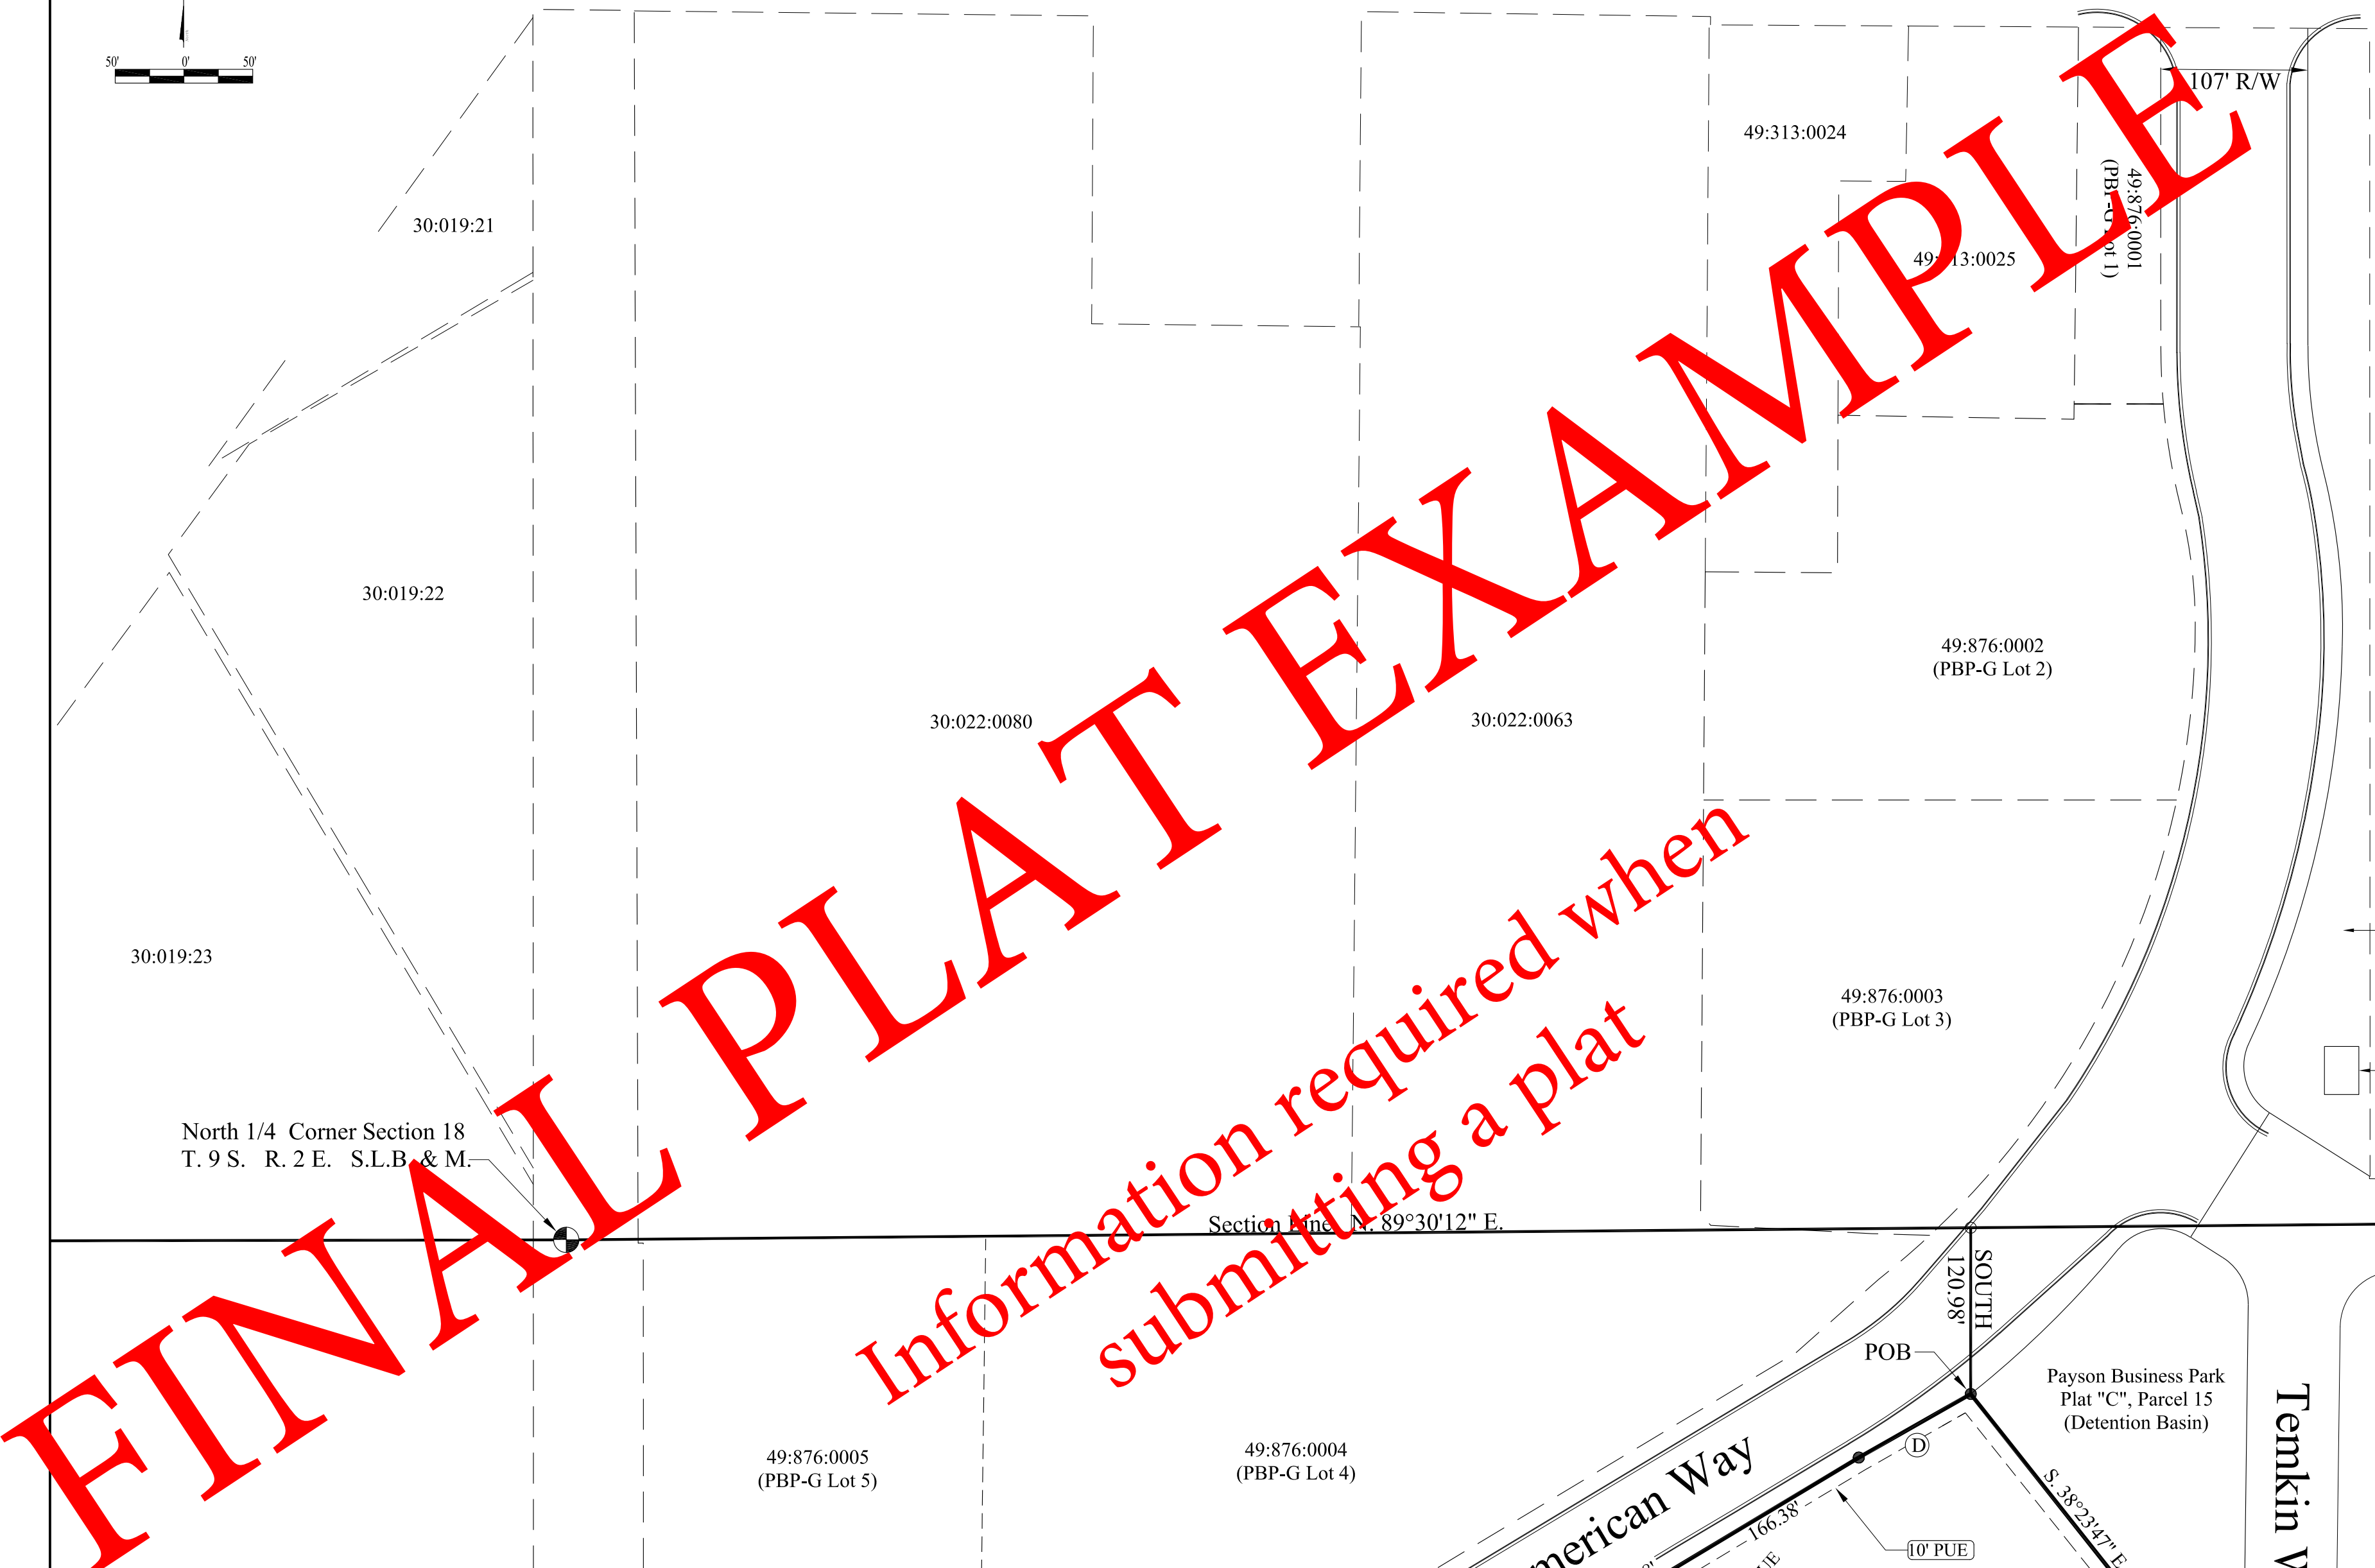

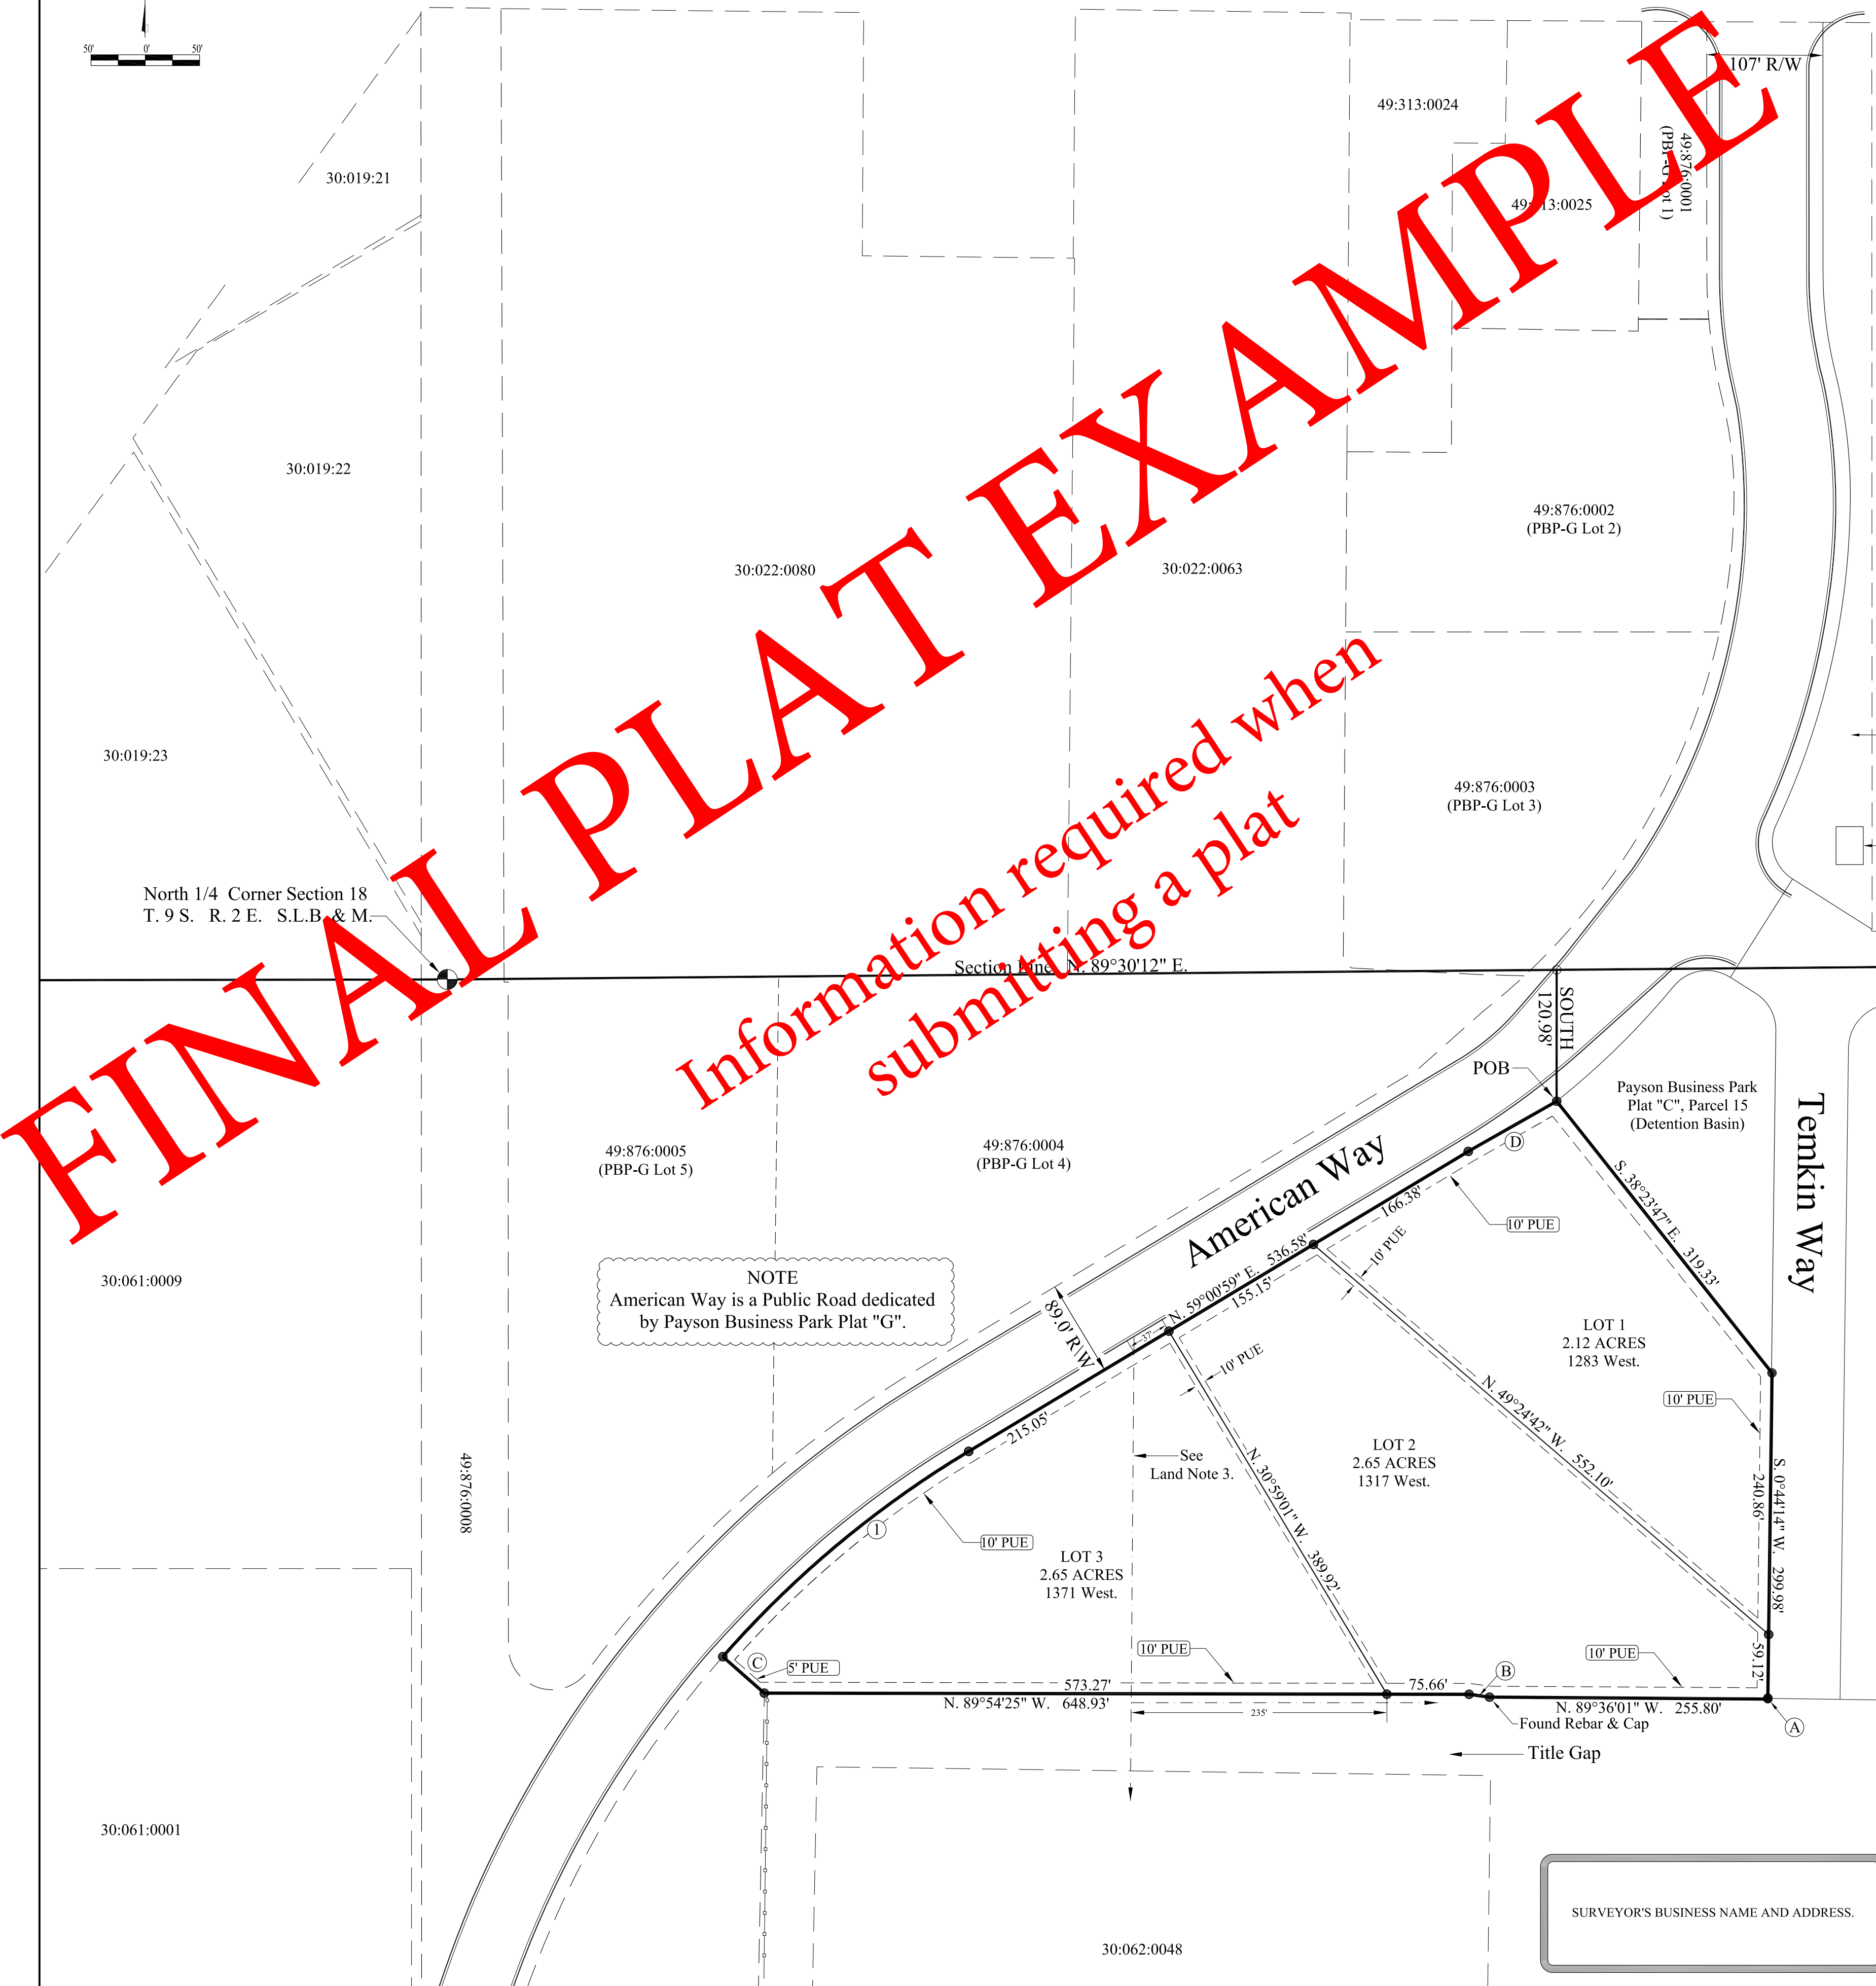

- Improvement of the lots will require additional approvals and permits from Payson City.
- Land use must be consistent with the BPD, Business Park Development Zone and all utility and site improvements must be consistent with Payson City standards.
- FOUND REBAR AND CAP. When the Surveyor found existing Rebar and Cap that were within close proximity to the calculated corners the Surveyor employed "Good Surveying Etiquette" and honored the existing Rebar and Cap as the property corners and did not set a new Rebar and Cap. This would create a "shotgun Corner" that is discouraged by the Surveying profession.
